May 17, 2007

Dear Community Members,

As you know, our building improvement plan will begin this summer at the four elementary schools. This improvement plan known as Phase I will be highlighted by the following renovations:

Crompond School: New roof
New boiler
New exits stairwells
Fire alarm upgrades

Brookside School: New paving
Walkway construction from exterior classroom doors
Fire alarm upgrades

Mohansic School: New electrical service upgrade
New corridor ceilings & lights
New boiler
New ceiling lighting in the cafeteria & gym
Fire alarm upgrade

French Hill School: New front walkways
Fire alarm upgrades

For a myriad of reasons, the High School auditorium and the pool at MESMS will be postponed until next summer. Presently, a stakeholder group is working closely with the architects to insure that the auditorium renovations meet the specifications of the user groups. Additionally, among next summer's work projects are the High School locker rooms, which are currently in the design stages.

Hazardous material abatement work will be conducted as needed. This work will be done when the schools are not being used by the staff or students. Buildings will be posted starting on June 11th. If you have any questions about Phase I renovations, please contact us at the following e-mail address: buildproj@yorktown.org.

Sincerely,

Ralph Napolitano

Dr. Ralph Napolitano
Superintendent of Schools
